WORK EXPERIENCE

Product Manager III | Physician Enterprise Data Warehouse

R1 RCM • Remote • November 2024 – Present

- Lead UAT testing, ensuring successful deployment of 4 source systems into production within scheduled timelines
- Enable 6 clients, ensuring smooth integration with existing standardized data structures and corresponding reports
- Implement a feedback-driven approach, reducing post-deployment data corrections by 40%

Business Analyst II | Data Vault

R1 RCM • Remote • January 2024 – November 2024

- Generated \$9 million in cost savings by validating UAT, functional, and data requirements, enabling the sunset of a third-party application
- Orchestrated stakeholder engagement and crafted entity relationship diagrams for 2 applications, accelerating data vault model creation by 25%
- Directed development of an internal dashboard that boosted user engagement by 20% by defining key requirements, metrics, and SQL queries, which enabled usage tracking and identification of conversion opportunities and root issues

Associate Product Owner | Pythia Chatbot, Workflow Orchestration Platform, Data Acceleration & ETL

R1 RCM • Remote • August 2022 – December 2023

- Drove \$1.5 million in revenue across 3 strategic objectives by identifying opportunities to optimize workflows through user shadowing, process mapping, and data visualization
- Served 29,000+ internal users across 5 company apps by prioritizing the integration and development of a [large language model \(LLM\) chatbot](#) to increase operational efficiency and productivity
- Reduced LLM chatbot release timeline by 1 month by leading UX/UI design responsibilities, using Figma
- Created 2 training videos, in collaboration with the Data Science team, showcasing use cases and functionality that increased product awareness of the chatbot by 50% by emailing to users and conducting demos
- Structured the development of a scalable file export SaaS feature, streamlining internal operations and benefiting 1,500+ internal users
- Achieved 90%+ sprint goal success by managing stakeholder priorities, scheduling, and optimizing 2-week sprints

IT Cabinet Staff Lead

NorCal UVSA • Remote • July 2021 – June 2022

- Redesigned WordPress website, leading a team of 3, which increased web traffic by 20% by incorporating and aligning with new UX/UI designs
